

# How to find us

## GPS COORDINATES

Latitude: -33.942433

Longitude: 18.463394

## From Southern Suburbs:

From the M3, take the exit marked 5A on the right for N2 towards Cape Town/Observatory. Keep right to continue to exit 6, follow signs for Anzio Road at the traffic circle there will be a parking area directly in front of you. Continue directions here \*\*\*

## From Northern Suburbs:

From N1, take M5, onto N2 city bound. Take Main Road Observatory exit, turn right into main road. Turn left at third robot into Anzio Road (Landmark Shell Petrol Station on the opposite right-hand corner). Continue past UCT Health Sciences faculty on the left till top of Anzio road, then turn right at UCT Hospital Main entrance signboard into parking area. Continue directions here \*\*\*

## From City:

From Nelson Mandela Boulevard, take the Hospital exit to Main Road Observatory (this is Browning Road).

Turn right onto Main Road. Pass main Groote Schuur hospital entrance and first set of robots. Turn right at second set of robots into Anzio Road (Landmark Shell Petrol Station on the opposite right-hand corner). Go past UCT Health Sciences Faculty on the left till the top of Anzio Road; turn right at UCT Hospital Main Entrance signboard into parking area. Continue directions here \*\*\*

\*\*\*Once in the parking area there is a double wooden door (signs are visible), go through those doors and either take the lift to D floor or up 1 flight of stairs

Walk across the glass bridge and straight ahead you will see the main entrance to UCT Private Hospital. Go through the sliding door. DO NOT TURN LEFT!!!

Walk past the reception desk down the passage, at the end turn left, at the next double doors turn right

(If you need x-rays they are right in front of you – before you turn right)

There will be a long passage in front of you, walk down and when you see the vending machine on the left just ahead on the right is room 71, this is called OrthoUCT, there are signs indicating this

If there are any problems feel free to contact me

Regards

Kim
